

## COVID-19 Update (12/22/20):

The Links at Mulberry Hill IS open for your golfing pleasure. Remember to practice safe, social distancing while checking in at the pro shop and being in the clubhouse, including restrooms. While golfing, do not congregate on tees and greens. In summary, maintain a safe distance from other people when in the clubhouse and on the course.

Per the **Carolinas PGA Back 2 Golf (B2G) Operations Playbook**, our course remains in **Phase 2** of their guidelines. At the Links at Mulberry Hill:

**Cart Riders:** Single riders are in a cart are permitted. Two riders per cart are permitted if from the same family/household (or) the persons arrive in the same vehicle.

**Bunker Rakes:** None are provided in the sand traps. Rather, remove your ball from the trap, place your ball on the same line, behind entry to the trap, and play the ball from there, with no penalty.

**Flags:** May be removed IF the golfer's hands are sanitized immediately after use. Otherwise, leave flag in place.

**Trash Removal:** Trash to be removed by individual players. Trash receptacles are provided at the Cart Return Area.

**Water:** Coolers are NOT provided on the course; bottled water is available at the pro shop.

**Food:** Limited to pre-packaged sandwiches, hotdogs, nabs, chips, and candy bars.

**Beverages:** Soda, Water, Gatorade, and Adult Beverages (wine, beer, mixed drinks) are available.

**Note:** The B2G guidance is to be utilized as strongly recommended guidelines that were determined by our allied golf associations and the CDC, and not as a mandate. It is up to each individual CPGA facility to determine the best practices to ensure safety and compliance at your respective golf facility.
